Professional Summary

Software Developer with experience building scalable web and mobile applications using React.js, Next.js, TypeScript, PHP, and PostgreSQL. Skilled in developing responsive user interfaces, integrating REST APIs, managing application state, and delivering maintainable production-ready applications. Experienced working in Agile environments with strong foundations in object-oriented programming, debugging, database management, and modern software development practices.

Technical Skills

Languages: JavaScript, TypeScript, Java, PHP, C#, Kotlin, Swift, C

Frontend: React.js, Next.js, Redux, Context API, Material UI (MUI), HTML5, CSS3, Bootstrap

Backend & APIs: PHP, CodeIgniter, REST APIs, Postman

Databases: PostgreSQL, MySQL, Firebase Firestore, SQLite, SQL

Tools & Platforms: Git, GitHub, Docker, JIRA, Android Studio, Xcode

Concepts: OOP, Agile Scrum, SDLC, Unit Testing, Debugging, Responsive Design

Professional Experience

Web Developer

Universal Technolabs (Remote) - London, Ontario, Canada

May 2024 – Jun 2025

- Developed and optimized scalable web applications using Next.js, React.js, and TypeScript.
- Built reusable and responsive UI components using Material UI (MUI) to improve design consistency and user experience.
- Designed and integrated RESTful APIs using PHP and PostgreSQL for dynamic application functionality.
- Managed complex application state using Redux and Context API for maintainable frontend architecture.
- Performed API testing and documentation using Postman to improve backend reliability and collaboration.
- Integrated AI-powered features and workflow automation to enhance product functionality.
- Containerized applications using Docker to streamline development and deployment processes.
- Collaborated with remote Agile teams using Git and GitHub for version control, code reviews, and sprint-based development.

Web Developer Intern (Co-op)

Universal Technolabs (Remote) - London, Ontario, Canada

Jan 2024 – Apr 2024

- Assisted in developing backend APIs and application features using PHP and CodeIgniter.
- Debugged and resolved software issues to improve application performance and reliability.
- Participated in Agile Scrum meetings, testing activities, and deployment support.
- Applied clean coding practices and contributed to maintainable codebases through collaboration and documentation.

Projects

ToDoList iOS Application

Technologies: SwiftUI, Firebase, MVVM

- Developed a task management application with Firebase Authentication and cloud synchronization.
- Implemented MVVM architecture and responsive UI enhancements for improved usability.

MemoRise React Native Application

Technologies: React Native, Firebase

- Built a cross-platform note-taking application with online and offline synchronization support.
- Implemented secure local caching and optimized data handling.

WeatherCast iOS Application

Technologies: SwiftUI, REST APIs

- Developed a real-time weather application with API integration and dynamic UI updates.

Enjoyee Android Application

Technologies: Java, Android Studio

- Created a short-video sharing application with optimized media handling and REST API integration.

Education

Postgraduate Certificate - Mobile Application Development

Fanshawe College - London, Ontario

GPA: 4.06/4.2

Jan 2023 – Apr 2024

Bachelor of Computer Applications

Gujarat University - India

GPA: 8.12/10

Aug 2018 – May 2021

Awards & Achievements

- President's Honour Roll - Fanshawe College (2024)
- Distinction Award - Gujarat University (2022)
